4T Super Racing 10W50

Description

A new generation full-synthetic engine oil for four stroke motor-cycles formulated with high quality mineralbase oils combined with balanced additives to achieve the following properties:

- a high and stable viscosity index
- good friction characteristics
- a strong protection against wear, corrosion and foaming
- a good detergency and dispersion

Application

This oil is developed for the lubrication of four stroke motor-cycles, so that sliding, sticking and/or rough changing of the clutch-plates no longer occurs. This oil is developed and tested in co-operation with the motor cycle producers and has its performance demonstrated in the field.
